CANYON CREEK POA BOARD CANIDATE BIOGRAPY

My Name is Danny Baucom, and I am excited for the opportunity to serve on our POA Board. My wife (Nannette) of 45 years, and I have lived in this community just over a year and truly value being part of this neighborhood. We have two beautiful daughters, one of which also resides in Canyon Creek with our 5-year-old Granddaughter.

I am a High School Graduate; I then continued my education by completing Leadership Skills and Managerial courses in Lake Charles Louisianna and in Houston Texas Energy Corridor.

I retired from Shell Oil Company (September 2025). Eighteen years of my tenure with Shell, I managed assets, oversaw budget expenditures, new construction, cost conservation, and Employee Development.

I am responsible, dependable, and caring person who believes in improving and maintaining a beautiful, safe, and welcoming neighborhood for all residents. I would like to serve on the board so I can help make thoughtful decisions, listen to our homeowners, and work together to protect and improve our community.

I believe good communication, fairness, and respect are critical when making decisions that affect our neighborhood. I would be honored to have the opportunity to represent Canyon Creek homeowners and help make our community a place we are all proud to call home.
